

RKAN –PRESENTATION

Global Asset Solutions | Due Diligence | Tokenization | Capital Unlocking

About Rkan – Our Journey

Rkan is a global solutions partner specializing in financial due diligence, compliance, and unlocking capital from real-world assets through tokenization and structured monetization strategies. With over 30 years of experience, we support governments, institutions, and enterprises in transforming dormant or underutilized assets into sustainable income streams. Our international footprint allows us to operate seamlessly across regions, providing scalable strategies that help clients grow and thrive in competitive global markets.

How Rkan Works Differently

Rkan integrates traditional financial methodologies with modern blockchain-based tokenization to create multiple pathways for liquidity and long-term value creation. Our expertise spans:

- **Real-world asset audits and valuation frameworks**
- **Cross-border compliance and investigations**
- **Tokenization structures for capital raising and fractional ownership**
- **Monetization strategies that convert assets into multiple revenue-generating streams**

This unique combination gives clients both operational clarity and access to new forms of capital—reliably and compliantly.

Who We Serve

Government Agencies & Sovereign Wealth Funds

We conduct cross-border due diligence, partner vetting, compliance audits, and multidisciplinary investigations for major national and international projects. Our work strengthens governance, reduces risk, and supports informed decision-making.

Financial Institutions

Banks, hedge funds, insurance companies, and venture capital firms partner with Rkan for institutional-grade due diligence, asset audits, and capital unlocking for active and future projects. We help create diversified incoming streams and accelerate deployment capacity.

Large Enterprises & Multinationals

For global businesses—across shipping, real estate, agriculture, retail, manufacturing, transportation, and mining—we design tailored solutions to unlock capital from existing assets while conducting deep financial investigations to support expansion or restructuring.

Family Offices & UHNWIs

We support legacy-driven projects and high-value initiatives, offering discreet, comprehensive due diligence, structuring, and monetization services.

Impact Organizations & NGOs

Rkan helps international impact initiatives by mitigating risk, establishing governance frameworks, and sourcing aligned funding and resources.

Emerging Economies & Developing Countries

Our specialist interventions bring inward investment to support climate-resilient infrastructure, community regeneration, and long-term economic development. Through global partnerships, we help stabilize fragile economies and build sustainable growth pathways.

Partnerships & Referrals

Rkan operates collaboratively—whether through direct engagement, strategic partnerships, or referral-based models—ensuring every project receives the expertise and global reach required for successful execution.
